

Island Hideaway is a complete newly developed island in the north Haa Alif Atoll of the Maldives.

As we are the only Diving Center in this atoll only MERIDIS is visiting the untouched dive sites and therefore offers you a completely exclusive diving experience. Several times a day we can transport you by our exclusive Maldives Dhoni excursions boat to 25 different sites in absolutely unspoilt diving areas.

We can give you encounters with large fish gather at our Canalhouse reef and as well as in the open sea, additionally we can guarantee a fascination under water landscape full of corals and teeming with unique life and to date untouched by any tourist.

Many of our divesites are situated .at the current-rich outer reef, which will give enormous fun to our advanced diveguests as well the enthusiastic scooterdivers.

Find new fishes and colours during one of our organised night dives.

For photographers and all those who enjoy calmer activities we recommend our sheltered inner atoll reef which offer a splendour of macro objects. The photographs and videos can be processed and edited immediately after the dive in our on-site photo laboratory.

Dive safety is our most important issue therefore we use the most modern compressors with additional nitrox facilities.

As well as offering the opportunity to undertake the complete range of PADI courses from Open Water Diver up to Divemaster we will video your personal underwater experience for you to keep.

Snorklers and anyone interested in diving will enjoy their first time under water and experience the fascination of diving with our "Discover Scuba Dive" introduction.

A course of marine biology and our extensive library on the marine life will enhance your breathless enjoyment of the underwater environment.

Snorkelling excursions to the most beautiful reefs of the Maldives, together with night snorkelling will complete your delight with the MERIDIS experience.

Costumerservice is our most important concern and with this in mind we offer you a complete around management of your dive experience.
